First Fuck at 14 With Tia, A Shy, Bashful Step-Sister-Girlfriend

By EllaMennopy, 2026

Summary:

Tia has a kiddie crush on her hot older step-brother, David, secretly wanting to be his girlfriend. Tia daydreams about David, and thinks of him when masturbating.

Tia just turned 14, so she's obsessed about losing her virginity. Tia is shy and bashful, but not as much around David. Tia has girlfriends who have step brothers, and those girls get to see their brothers naked, or they cock tease their step-brothers, or they masturbate with them, or much more.

David lives with his mom, so he only visits his dad, Tia's step-dad, a couple-few times a year, including year-end holidays. Tia has her own bathroom, and so does David in the guestroom when visiting. Tia's bathroom is broken so she has to use David's bathroom, which is all open.

David is busy with all the things a senior in high school has going on. What Tia doesn't know is that David has always had a special place in his heart for his little step sister, his only sibling. David arrives early for the holidays, and then magic happens.

This is a teenagers' heartfelt, coming-of-age love story, and is for mature readers only.

CHAPTER 1
TIA'S MOM TELLS HER THAT DAVID, HER STEP-BROTHER, WILL ARRIVE EARLY FOR THE HOLIDAYS

Tia's mom has always held a high opinion of David, the step son she seldom sees. Even though he's busy with high school, a job, and friends… David always seems to do right by Tia's mom and, especially, by Tia. At times, David dotes on Tia, but from afar.

David and his dad aren't especially close. It's almost like David is closer to his step-mom and little step-sister, Tia. David never forgets their birthdays, and makes his occasional visits special by helping out more than would be expected. David sends Tia small gifts when he can afford it, and also tries to find time to call or video chat with Tia once a month.

Unlike his dad, David is very handy around the house, which is incredible for a guy of 17. When he visits, there is always a list for David of things to be repaired, which he enjoys doing. This holiday visit will be no exception. Tia's bathroom is one of the things that needs fixing because the toilet and shower are both not working.

Her mom tells Tia that David will be arriving early, and on that day, so Tia is frantic. Tia's bathroom has a broken shower and toilet, so she's been using the guestroom bathroom. Now what is she going to do after David arrives? The guestroom bathroom is located way in the back of the guestroom, so Tia has to walk through the guestroom to use the bathroom, which has no walls or door. What will she do after David arrives and is in the guestroom?

There's a old, spider-infested half bath in the basement, so Tia can use that toilet if she has to, but she still has no other place to take a shower. Tia asks her mom what to do.

Her mom brushes off the dilemma, saying, "oh Tia, don't worry about that. Your Uncle Chuck and I shared a bathroom growing up. We saw each other naked every day, and we came out OK. If anything, it'll make the you and David closer. David will understand. He's probably got a girlfriend, and won't even want to see you naked, or will just ignore you. Don't worry."

Tia's mom doesn't tell Tia that Uncle Chuck, although younger, was the mom's first fuck at 14½. Chuck was 13. They had sex only a few times after that, but it was always special. Chuck was good looking, and always had a girlfriend… or five.

What Tia's mom also doesn't tell Tia is she's asked David to pop Tia's cherry during his holiday stay, if Tia is willing. Tia's shyness has gotten so much worse since becoming a teenager, and that shyness is affecting her life… severely. Losing her virginity to David seems the only obvious solution to Tia's overwhelming shyness. Tia needs to be fucked, and soon, per her mom. Tia is sometimes less shy around David… sometimes.

And Tia's broken bathroom, that was on purpose, so that Tia will have no choice but to go into David's room. Even better, the guestroom is set up open style, so the bathroom has no walls and no door. Tia and David are on the second floor, and Tia's mom and

step-dad are in a new addition off the back of the house on the first floor. Tia and David will have a lot of privacy.

Tia was frantic. How could her and David share a bathroom that way? How could her mom do that to her? David was due to arrive soon, and Tia had no solution to the bathroom issue.

CHAPTER 2
DAVID ARRIVES EARLY FOR HIS ANNUAL VISIT FOR THE HOLIDAYS, PART I

Just a couple of minutes later, Tia's mom called her to the front of the house, without telling Tia that David had arrived. Tia was still frantic as she made her way to the front, not knowing what to do about using a bathroom. Tia is still in her ballet leotard after performing her ballet exercises.

Tia's leotard is old, and so it's too small, so it shows most of her ass cheeks, and pulls up on her pussy, accentuating her cute pussy bulge. She only wears her small, old leotards at home, and now she finds that she's wearing her too-small leotard in front of her cute step bro. And as she usually does at home, she's wearing only the leotard… so she has nothing on under it.

Tia's mom tells her, "David's seen you in your ballet gear before, don't be so bashful. You modeled your ballet gear for him last Christmas, remember? He's your brother… he's family… and you shouldn't be shy around family."

David was taking off his jacket, and that's when Tia saw that David has gotten taller, added muscles, and was now even better looking. Tia got a major pussy tingle right there and then, and it was all she could do to greet David because that tingle overwhelmed her whole body.

David looked at Tia, and said, "holey moley, Tia, you've gotten even cuter, which I didn't think was even possible. You're really filling out your leotard nicely, Tia, I mean that!" David pulled her in for the usual hug, and Tia melted in his arms because David was so big and strong.

David purposely made the hug extra strong… and extra long. He nuzzled Tia's hair, whispering in her ear, "I've really missed you, I mean that, T. I care about you so much, I hope you know that, right?" As he said that, David rubbed his hands up and down on Tia's back, and ended up holding one exposed butt cheek for a second, giving it a quick squeeze before letting go.

Tia squeaked a little when David goosed her butt cheek. Her legs buckled a bit, and she recovered, mostly thanks to David holding her up a bit. David ramped things up a notch by extending the greeting a while. David held onto Tia's upper arms, looking her over, saying, "wow, what I wouldn't give to have a girlfriend as cute as you. I mean that, I'm not just saying that because you're my sis. You… are… stunning, T, I mean that, I really do."

David actually meant that because… Tia was truly cute. Tia wanted to crawl under the carpet because her nipples were popping out like never before, and plain to see in her leotard without a bra… or undershirt… or panties… or anything… underneath.

Tia's mom added, "David, we try to tell her how good looking she is, but she never believes us. Your brother is right, Tia, you really are pretty. You could have your pick of any cute teenaged guy for a boyfriend. I wish you'd understand that. And don't be embarrassed by your nipples. David's seen your nipples before when you've been in skimpy leotards. Again, David is family, so you should be OK with him seeing you that way."

Tia just stood there not knowing what to say. Tia's pussy tingles weren't stopping, and she was worried her pussy was wet, and would get her leotard wet. Tia just gaped at David, thinking about how she'd probably get to see her cute step bro naked in the next day or two. Tia was clamping her legs together trying to rein in the squirms caused by her needy pussy… and failing. And that just made her hard nipples even worse.

CHAPTER 3
DAVID ARRIVES EARLY FOR HIS ANNUAL VISIT FOR THE HOLIDAYS, PART II

Tia's mom quickly said, "Tia, please help David carry his things up the stairs to the guest room, and then help him unpack. Oh, David, Tia will be using the guest bathroom, so you two will have to see each other naked at times. Is that OK?"

Tia was mortified, and glared at her mom. David replied, "oh I'm not bashful, especially around mega-cuties like my step sis. I'll always leave the guestroom door open, and that way she can come in any time she wants. I'm looking forward to hanging out with Tia, to be honest. I've really missed her. We've got a lot of catching up to do."

Tia's mom replied, "well, you've probably got a girlfriend who sees you naked a lot, or should I say girlfriends?"

David said back, "oh I wish I had a girlfriend. With school and work, I don't have time for a girlfriend. Well, I probably do, but if I had a girlfriend, I wouldn't have the proper

amount of time to devote to her, and I don't want to treat a girl that way. If I can't be a proper boyfriend, and spend enough time with a girlfriend, I'd rather wait, I guess."

Tia couldn't believe her ears. Her cute, sexy bro didn't have a girlfriend. Tia finally decided to join in, and said to David, "so… no girlfriend, uh… really?"

David smiled broadly, replying, "no, T, no girlfriend." T was his nickname for his cute little step-sis, and David used it when he wanted her to feel special, like right that day. Then David added, "hey I know, T, we can be boyfriend and girlfriend while I'm here. How's that sound? Am I worthy? And if we're boyfriend and girlfriend, then it's OK to be naked around each other, right?"

While Tia dealt with yet another severe pussy tingle, Tia's mother chimed in, "that's sounds perfect, doesn't it, Tia? I can't think of a better boyfriend for my daughter than my handsome, trustworthy step-son. And that way Tia doesn't have to worry about being seen naked, or seeing you naked, because you're officially dating."

Tia's mom added, "your step-dad and I will be gone for the weekend, and we're leaving in a short while. You two can have 'date night' tonight. That'll be the perfect way for you two to catch up. I'll order a big welcome-home pizza to be delivered. Saturday night you two can go to a movie, and then have a nice meal out somewhere. We'll leave plenty of money for that, and for ride-sharing. Does that sound good to you both?"

David replied, "sounds perfect to me, but I don't want to speak for my cute new girlfriend. What say you, T? Am I boyfriend material? Am I worthy to be your date tonight and Saturday, and hopefully for the rest of the time I'm here? Please?"

Tia just sort of nodded, and gave her brother a feeble, "yeah," back. The pussy tingles were getting worse, and felt like they originated deep inside her pussy. How would she even take care of them when they were so deep inside her needy pussy?

Tia's mom spoke up, "OK, sounds like you two have everything planned out for the time we'll be gone. Hey, before you two head upstairs so David can unpack, how about a quick snack before I leave? Sound good? Then you can shower for date night." Tia's mom had quite the plan devised for the two teens to start hooking up.

Tia hadn't even thought about showering for that evening. Tia's mom set out a small amount of popcorn, which was cannabis popcorn, and a BIG cup of soda for both. Tia's mom put some vodka in the soda for Tia so she'd relax enough to take a naked shower with David. By the time the two would be undressed the cannabis popcorn would, or should, kick in. Tia had been given the special popcorn before so her body

would get used to cannabis. The special popcorn really helped Tia relax, something she needed at times.

CHAPTER 4
DAVID STARTS HIS VISIT WITH HIS NEW GIRLFRIEND-STEP-SISTER, TIA, PART I

Finishing their light snack, David followed Tia upstairs while they carried his things. David told her, "wow, T, your bubble butt looks great in that leotard. I like that it shows a lot of cheek. I'm more of a tit man, so I do love your perky tits with their awesome gumdrop nipples. However I do appreciate an ass as fine as yours. Do you do any special exercises to help develop your bubble butt, or is your ass cute from only ballet exercises?"

Tia just stammered a bit, "uh, ballet I guess. No one's ever said that before."

David replied, "well, I'm saying it now. Promise me you'll wear a leotard during our date night later, OK? I hope you have another just a skimpy as this one, or maybe a thong leotard. Didn't you say you got a couple of those thong leotards when we chatted the one time? Promise me you'll wear another skimpy leotard for our date night… OK? I'd love to see you in a thong leotard. Please?"

Tia didn't know how to respond, just saying a feeble, "yeah." She was feeling light headed, and right then wanted to please David any way she could. Tia just kept reliving his strong hug in her mind… and then her pussy would feel needy again.

No one had ever held Tia in their strong arms like that before. Tia kept hoping David would do that more often while he visited. And maybe David would grab her butt cheek again. Getting felt up… having her titties massaged would be fun as well. Tia dreamed about David feeling her up often… it was one of her regular daydreams.

Tia had always hoped that David would be the first to feel her up… not only up top for her perky tits, but down below for her pussy as well. Tia was getting more light headed as she went up the stairs, and started getting giggly. Right then getting felt up was all she could think about. Of course, having her ass cheeks felt up would be nice as well, now that she thought about it a little. A triple feel-up… that's what she decided she needed from her sexy bro.

By the time Tia got into the guest room she was giggling more. The vodka was doing its work, and doing it well… plus the cannabis popcorn would soon kick in. Tia placed the big suitcase and duffle bag on the floor, and plopped onto the bed, laying back

exhausted from carrying the heavy items up the steep stairs. David dropped his things next to the others, and then knelt down on the floor near the bed, and next to Tia.

David looked at his cute, almost-naked sis, and told her again how much he missed her. Tia was holding her legs together like a clamp trying to control her pussy needs. David told her, "T, c'mon, please, relax, OK? You're all rigid. That's not good. How about if I massage you a little, OK? I'm getting pretty good at it."

All Tia could do was nod with her eyes closed. The room was sort of spinning a bit. David told her, "T, your legs are so rigid, relax them… here, let me massage them." David started rubbing her legs, pulling them apart nice and wide, making his way to the inside with his rubbing, and then toward her pussy. It felt heavenly to Tia. She could lay there all day getting a massage from her cute, sexy bro. David said, "I can't wait for our date night to start. How about you, T?"

Again, Tia just lay back, nodding a little, then letting out a few quiet moans, especially when David's hands got near her needy pussy. The cannabis was kicking in, for both of them. David was already rock hard from the wacky-weed popcorn. Tia's nipples set new records for hardness that afternoon.

Tia quickly closed her legs again, clamping them tight, and David asked, "T, you're not relaxing your legs. Oh, wait, do you need to pee after that big soda?" Tia nodded… giggling again.

CHAPTER 5
DAVID STARTS HIS VISIT WITH HIS NEW GIRLFRIEND-STEP-SISTER, TIA, PART II

David told her, "c'mon, let's get you on the toilet to pee. I'll help you off take off your leotard because it doesn't look like it has a pee setup." Tia just nodded some more… and giggled some more. David pulled her up to get Tia standing.

With some obvious experience with taking off a girl's leotard, David stretched and then pulled the leotard down, and told Tia to step out of it, which she did, but only thanks to David steadying her, including holding her ass cheek. Bashful Tia, wearing zero underwear, was the first to get naked. David managed to strip down to his boxer briefs, and then quickly had to grab and hold Tia for fear she'd fall while standing up… now a giggling mess. David couldn't resist giving her ass cheek another firm squeeze. Tia loved it, asking, "would you do the other side?" David obeyed.

David said, "c'mon, T, let's get you onto the toilet to pee. Then we'll shower for our date night. OK? Is it OK for us to shower together? I promise to be a gentleman in the

shower." Tia just kept nodding… nodding to anything, absolutely anything, her cute big bro said.

Tia sat on the toilet, but nothing happened. David asked, "Tia, can't you pee?" Tia nodded… and giggled. David added, "want me to help?"

Tia nodded hard, and said, with the cannabis obviously kicking in harder than expected, "please rub it… I can't pee sometimes, and it helps to rub it… uh, rub around my pee hole. Please David, rub me… uh, there. Please… it's… it's… it's all I think about… you rubbing me there. Please David, be a good bro… rub my pussy… please. My pussy needs rubbing."

Now that Tia was sitting, David took off his briefs. His hard-on was really severe while he was with a naked Tia. David didn't know how long he could last before his cock would shoot off by itself. At age 17 his hormone surges were severe, and his hard-on often had a hair trigger, especially for his first cum-load.

David groaned for the cock pain he was enduring. He had no idea being with a naked Tia would do this to his cock. David had always thought Tia cute, but right now, his cock was raging hard, and his balls were pulled in so tight his ball sack hurt as well. Cannabis made all that worse, and it also made him cum even faster.

Tia still had her eyes closed, and was still giggly. David knelt close, and told Tia to open up her legs so he could rub her pee hole area. His other hand was on her back, rubbing up and down to relax Tia. As David started rubbing her pussy, Tia moaned again, and then let out a weird squeak, starting her slow pee flow. David had a towel right there, having planned ahead for a pee-soaked hand when her flow started. David dried off his hand, and then rubbed her inner thighs while she peed to help her relax while peeing.

Even after her flow ended, David kept rubbing her inner thighs. Tia just let out quiet, low moans. Then she opened her eyes to see David's huge hard-on. Tia just exclaimed, "holy shit… David… holy shit… holy shit." It was the first live hard-on she'd seen on a guy over age 10.

Tia started crying, with David thinking she was terrified he was going to fuck her.

David told her, "it's OK, T, we're not going to do anything you don't want to do. I promise OK?"

Tia was absolutely balling, sobbing, and David feared the worst. Tia told her brother, "don't… don't you get it? It's all I think about. It's all I ever think about. Please, promise

me before you leave. Promise me… God… please promise me… you'll fuck me. Promise me… promise me! Please! I don't want to keep being a virgin, I'm the only one in my group. Please!"

Tia just started sobbing again, and David, completely baffled, leaned over, and held Tia tightly in his strong arms. David quietly replied, "I… uh, I promise, T, I promise. You know I'll do anything for you, right? You know that, please tell me you know that, right?"

Tia nodded through her crying. David just kept on holding his sister tightly, and his sister just sat there enjoying the strong hug. It took a while, but Tia finally stopped crying. David asked, "wanna shower together now?"

Tia nodded, wiping away her tears, but added, "promise me some more. Promise me you'll teach me to take care of you… take…take care of… your hard-ons, OK? Promise me. Show me all that sort of stuff while you're here. Please, bother, please?"

David merely told her, "sure… right now I… we… have to do something about this hard-on because it's so severe that it's close to shooting off by itself. Let's get in the shower, and we can start your pussy training, as they call it. You know, pussy training is me teaching you how to give hand jobs, blow jobs, and so forth. OK, T?"

Tia nodded. Tia was still a bit giggly, but now was excited to take her first pussy training lesson in the shower with her big brother… her mega-cute big brother with a raging hard-on the size of a giant tree trunk, with a hard hat the size of a bowling ball. Tia wondered, "does his cock have its own fucking zip code? Jesus Harold Christ it's fucking huge."

David added, "don't forget, you promised to enjoy our date night tonight wearing thong-style or a too-small leotard without any underwear. OK?"

Giggling more, Tia told her bro, "only if you dress the same. If you don't have ballet briefs, then wear thin, tight briefs or boxer briefs… no fly! Those are your date's orders. We'll have to buy you ballet gear!"

David was amazed at how his sister was overcoming her bashfulness, at least when she was around him… and he hadn't even popped her cherry… yet.

CHAPTER 6
DAVID AND TIA START HER PUSSY TRAINING, PART I

David helped Tia into the shower after the water was warm. Tia still had a mild case of the giggles. Tia asked David if she could give him a hand job. David explained what to do, and he put some body wash in her palms. He asked her if she'd ever seen a cock shoot jizz before, and she said she'd seen videos on Horn Hub. David told Tia what she saw online was usually round two jizzing, and a first cumming would shoot a much stronger, and bigger stream of jizz, or rope squirts as many called them.

David wasn't kidding that he was close to cumming because he didn't last long at all. He warned Tia when it was about to happen, but she still freaked out a bit. Tia didn't expect it to shoot over the top her head such that she'd have to wash it all out of her hair.

Tia had seen little boys dry cumming in real life, that was all. Tia was an experienced babysitter, so she wasn't a rookie when it came to performing hand and blow jobs on boys under 10, but David's giant schlong was something completely different. Just looking at the thing… all swollen… all throbbing… gave Tia pussy tingles and twinges… and those were ones originating from deep inside her pussy. Tia had no idea how to deal with those deep-pussy urges.

When David's schlong went soft, its heft was incredible. It went from pointing straight upward when raging, to hanging limp and lifeless, looking like a gas station nozzle. After David's schlong shot its load, it just drooped, all while more jizz slowly oozed out. Tia felt sorry for David's poor, spent cock… it looked like it was sick after it went limp… drooling left-over jizz.

Tia did like that David was circumcised. Tia's mom explained circumcision to Tia about a year ago when one of the little brats Tia had to baby-sit had a stuck foreskin that absolutely reeked, and the brat's mom had to soak the teenie weenie in warm Epsom salts to treat it. The warm water on the brat's tiny ball sack gave him a severe hard-on, and he screamed when his hard-on started peeling his foreskin, which was still stuck. But that was the standard procedure for treating stinky, stuck cocks when lazy brats don't wash their teenie weenie stinkie cock heads.

CHAPTER 7
DAVID AND TIA START HER PUSSY TRAINING, PART II

Now that David was no longer suffering from RCS, or Raging Cock Syndrome, he could take care of washing and massaging his cute step sis all over. Tia was so fucking cute in the shower right then. Tia was experiencing a severe hormone surge, so her body was pink-red, and her face was red, with puffy lips. Her thin pussy lips were swollen, and her clit was fully out.

Tia's titties were swollen from her hormone surge, and incredible to look at… and even more incredible to massage. Tia's nipples were off-the-chart sensitive, and so hard they could poke out an eye. All David had to do was get near one of her nipples when he massaged her tits, and Tia would squirm and moan. Tia kept trying to clamp her legs together to control her surging pussy needs.

David realized that Tia could probably light-cum from only a tittie massage given how sensitive her nipples were. David wasn't sure, but it seemed like Tia's nipples were slightly gumdrop style, that is, always just a bit out… always announcing to the world Tia was ready for action. David has hoped to test his gumdrop nipples theory over the coming holiday visit. Right then David added body wash to his hands, and went full-on to massaging Tia's titties, including her hard, sensitive nipples. David told Tia to tell him if things got too intense.

David almost got Tia to cum with a titties-only massage, but he felt sorry for her. Tia was squirming non-stop being denied a cum for too long. So, he added more body wash to his hands, and started on the rest of Tia's soft, nubile body. David wondered if he was a closet ass man because Tia had a gorgeous ass. He'd seen some nice bubble butts in his time, but Tia's ass… that was next-level assage. If there was Ass Hall of Fame in Asston… or Assville… or Ass-wherever… Tia's bubble butt would be a shoo-in.

When David got near Tia's pussy, she squirmed. David didn't want to pussy tease Tia too much, so he asked her what she liked, or what she needed for a good, strong cum. Tia's clit was swollen and so completely out if its storage shed. "Clit out, and clit proud!"

David said, "T, this will be the first time I bring you to a hard pussy-cum, so tell me what you like. I want to make it special."

Tia cried and moaned a bit as David continued his body washing. She seemingly needed to cum… and soon. Tia told him, "Please, I need… I really need a deep finger fuck. I can't reach that, uh, G-spot area myself, and the pussy tingles and twinges seem to be centered there. Please, brother, finger fuck me… deep. I need to feel it deep. That's where my pussy tingles are. Please. After I cum may I give you a proper blowjob? You're getting hard again, and I want to help."

David told Tia he had neglected her, so told her to kiss him. While they were deep kissing, David massaged her cheek a bit with his left hand to distract her. While Tia was distracted, David entered her pussy hole with his right middle finger. David didn't allow Tia to back off of their deep kiss.

Tia squirmed and grunted when David first went in, then quickly relaxed, letting out a soft, deep moan, trying not to allow her knees to buckle. David didn't have much luck hitting her G. Then all of a sudden Tia sort of squeak-grunted, and just about fell as her knees really buckled. Bingo! G spot! David kept her upright until she regained leg control.

David kept deep-kissing her as he fingered her pussy in the spot he found, and kept massaging her ass when he could. It was all Tia could do to keep her senses about her. She'd never felt that spot in her pussy stimulated, and so expertly. Tia started to wonder how her brother was so good at this, and why David was so good at so much other stuff today. David was still in high school. Why did he seem so experienced?

Tia got a little sad right then because she realized that David probably did have a girlfriend, and she was probably older, and had taught him so much about pleasing a girl. Tia wondered if she should ask David later. For now, she was just going to enjoy some incredible pussy-fingering. It was Tia's first finger fuck, and hopefully not her last.

Tia's body went stiff as she had an intense hard-cum, moaning loudly right up to the start of her hard cum. David had to be careful to keep Tia standing while she had such an intense orgasm, completely overwhelming her senses.

A while later, Tia realized that her and David had the house to themselves, and that no one was there to hear her moans. Something was up. Why did they have privacy at the very time Tia would be moaning so loudly?

Now that Tia had had her hard cum, it was time for David's blowjob. Tia told him to teach her everything she needed to know about blowjobs, starting right then, and lasting the rest of his visit. Pussy Training, Blowjob 101, Class Number One… started right then. Tia took David's round-two smaller cum-load just fine, swallowing every drop without hesitation.

If only every sister and step-sister was so accommodating to her brother, especially for an emergency blowjob for blue balls. Every sister should be willing to perform, and be available for, an emergency blowjob. Blue balls is a serious medical condition, after all.

Starting at a young age, every girl should attend Blowjob Summer Camp for Basic Blowjob Training. Same goes for boys. Starting at a likewise young age, every boy should attend Pussyjob Summer Camp for Basic Pussyjob Training. The camps should run simultaneously so siblings, or cousins, etc. can practice on each other. It's just common sense in a progressive society where repression is slowly (too slowly) being eliminated from daily life.

CHAPTER 8
DAVID AND TIA'S 'DATE NIGHT,' PART I

David asked his little sis if she needed to cum again, but she told him she was fine for now. After all, their date-night pizza would arrive soon. The two dried off, then pissed… again… and then went to their rooms to get dressed, both keeping their bedroom door open.

Tia realized that her frantic concerns about her broken bathroom were for naught because she was completely comfortable with David seeing her naked, seeing her pee, and with seeing him naked as well. Tia hadn't expected that to happen so soon.

As Tia was going through her closet to find a leotard, Tia then thought about how she could stop wearing a heavy under-top with her leotard in ballet class to hide her nipples. They were always out, and she was often embarrassed by that in class. No one ever made a comment, or seemed to stare. So, Tia thought she didn't have to try to hide her nipples any longer.

That is, Tia thought that she should start dressing the same as the other girls in ballet, that is, with only a lightweight undershirt of under bodyshirt. Her heavy undershirt didn't seem to help her nipples look any less obvious, so why not switch to a lighter-weight version or, better yet, wear nothing at all under her leotard?

As she promised her big bro, Tia put on a thong leotard, this one showing her round ass cheeks very nicely. Thankfully, it wasn't tight on her pussy, like the old leotard she wore earlier. Tia vowed to ask her mom about getting some more thong leotards. She probably couldn't wear them to ballet class, but could wear them around the house, especially in front of her big bro. Tia had another mild pussy tingle right then. She had always enjoyed modeling her leotards for her big bro. And David always enjoyed seeing Tia model them.

Tia wondered why thong leotards weren't allowed in her ballet class. All the girls in her class wore high-thong swimwear, so why the double standard? Thong swimwear was such an overdue trend when it had started many years ago. Why were ballet groups so far behind the times? Asses are just the upper part of a girl's legs after all.

Tia couldn't wait for David to see her in her thong leotard. Tia wasn't an idiot… she knew when David got severe hard-ons, and he seemed to get them whenever he visited, especially when Tia was in a leotard. Tia's mom told her that boys David's age got hard-ons a lot, often many times throughout the day.

Tia's mom told her, "maybe David will ask you to help him help him out with his hard-ons. He can teach you how to do that. He's your brother, and sisters often help their brothers with problems like chronic hard-ons. It's just nature's way. He's family, after all. You should learn how to give a guy a good blowjob… sooner than later. I always found sucking on a cock soothing when I was your age. Every girl does."

Tia also wondered if she could take her new bold persona to the next level. Tia could never use the co-ed changing room and co-ed showers at ballet class. Thankfully, no one ever made fun of a girl who was bashful, and who used the all-girl's changing room. Everyone's changing-room choice was respected.

The younger girls just starting ballet, and thus without any titties yet, usually started out using the co-ed changing room and co-ed showers, then continued to use them even as they got older when their titties developed. Family members were allowed in the co-ed changing room because it was also touted as a family changing room, but no staring was allowed.

The young girls in the co-ed changing room sometimes had a parent, grandparent, or an older sibling helping them to get changed. If they had permission, a student's family member could even help a student in the shower. One time an older girl in ballet had a badly broken arm, and wanted to keep taking ballet so she didn't lose limber, or strength. Her little brother helped her get changed, and also helped her to shower. He ignored anyone else in the changing area or in the shower, instead just focusing on helping his sister. A couple of weeks later he joined the class because ballet now interested him. He knew little about ballet before his sister broke her arm. The brother and sister later starred together in a ballet recital.

So… Tia thought she now had the courage to use that co-ed ballet changing room with guys in it… and the co-ed showers as well. There weren't a lot of guys in there, and some of them were gay. But still, she thought it was time to be naked in front of guys other than David.

Tia's friends were at ease with nudity, but then they all had brothers, and grew up using open-door family bathrooms. It wasn't Tia's fault she was an only child… well, she was sort of an only child. It was time for Tia to be OK with being seen naked by the guys taking ballet, or by the older brothers or dads of young classmates in the co-ed changing room.

Tia also hoped she could have the courage to start to use large everyone restrooms out in public as well. She used such a restroom a couple of times when she babysat the little brothers of a friend, when Tia took them to the gaming area at a local mall. The boys were used to sharing a bathroom with their older sister, Tia's friend, so there

just wasn't anything new for the boys to see when Tia peed while sitting on an open toilet, so the boys didn't even look. Growing up in a progressive household with an open-door bathroom made the boys a lot less pervy, and much more knowledgeable.

Tia promised to help the boys get their flow started to pee, but only if they behaved while at the mall gaming area. They didn't need Tia's help to start their pee flow, they just liked having their babysitter rub their hard hat before they peed. Tia had gotten pretty good at hard hat massages on the little boys she babysat.

Tia usually held their little balls for them while she rubbed their hard hats before they peed, then gave their balls a gentle squeeze while they were peeing, which they told her they enjoyed. Tia gave them an aggressive ball massage when they were done peeing if they did a good job.

Every little boy likes receiving a strong ball massage after peeing as an "attaboy" for having good aim. To be honest, given that Tia was massaging their balls, she helped them aim, just to make sure. She rubbed their hard hats partway around the outside while they peed sometimes. Tia told them it was important for a boy to be able to pee while his hard hat was rubbed, and balls massaged. She told them to ask their sisters to help them with that training at home.

Musing further, Tia didn't think she had the courage to use the co-ed locker rooms at her high school just yet. Maybe in a few months if she got used to the co-ed ballet changing room and showers, then maybe she'd try that co-ed locker room with co-ed showers. The same goes for the co-ed school restrooms. It's a big difference between having the little boys she babysat seeing her pee, or a few boys in the changing room seeing her naked, but having older boys seeing her pee in a high school co-ed restroom with no stall doors was different.

"One step at a time," Tia thought to herself. Tia still wore a heavy undershirt to school to hide her nipples. Maybe when warm weather hit in a few months she could switch over to a lightweight undershirt or under-top. Bras were old fashioned and uncomfortable, but the dress code required two layers.

Some of the tank-top undershirts or bodyshirts her girlfriends wore were so thin, and so stretchy tight, they didn't cover much, and they didn't push in hard nipples, or gumdrop nipples. But then that's the way the teenaged girls liked it at Tia's high school. The boys there had a rating system for nipples and tits. Tia had very high scores, especially for her nipples. If she wore a thinner under-top, she'd score higher for sure.

Tia admired herself in her full-length mirror wearing one of her treasured thong leotards, without anything under it. Tia's nipples were set to maximum seeing herself in

the mirror in a thong leotard, and knowing the effect it'd have on David. "David will love this leotard on me," Tia thought to herself, "he'd better!"

CHAPTER 9
DAVID AND TIA'S 'DATE NIGHT,' PART II

With perfect timing… David appeared in her bedroom doorway just as Tia stepped away from her mirror. Tia told him to just come in when the door was open. Tia vowed to never close that door ever again. David had on thin boxer briefs, ones without a fly, and an old tee-shirt that was far too short to cover his briefs. Had the tee been longer Tia would've made him change it, or tuck it in.

David was trying to cover his crotch, and Tia wondered why. Tia ran up to him, pulled his hands away, and shouted, "hold shit, David, you're hard again? Already? Seriously?"

David apologized, saying, "don't blame me… it's all because of my new girlfriend, she has this effect on me, especially when her cute bubble-butt ass cheeks are exposed when she's in a thong leotard, or when her awesome gumdrop nipples stick way, way out. Or both!"

David pulled her toward him forcefully, and kissed her deeply. Tia melted in his strong arms. David pulled her in even more, pressing his new hard-on against her, and then reaching back to aggressively feel up one of her exposed ass cheeks. Tia moaned what with being so overwhelmed… again.

Just then the doorbell rang, and David said, "pizza delivery," running off to get the pizza. Tia stood there trying to regain her senses post-deep-kiss and post-feel-up… so she gave no thought to receiving the delivery wearing her thong leotard. That morning, she might've been mortified to do so. Now, she wasn't. David stood to the side, so Tia opened the door, and shouted, "PETE! come in."

Pete from up the street greeted the two, knowing them both. Pete didn't know David well, but Pete had always had a small 'thing' for Tia thinking she was hot, even though she seemed bashful, and she was a couple years younger.

Pete was shocked that a now un-bashful Tia was dressed in what appeared to be a thong leotard, and all while her gumdrop nipples were in full view under the thin, tight fabric worn, seemingly, totally without undergarments. Pete couldn't take the view in fast enough, and wished he had a body camera on to better remember Tia right then. Pete then noticed David in his briefs, and with an obvious, and huge, hard-on. With just a quick glance Pete was a bit jealous of David's equipment.

Pete merely asked, "uh, am I interrupting something… uhhh… intimate here?"

Tia laughed, saying, "David just arrived for his yearly holiday visit today, so we're having 'date night' celebrating the fact that he's my official holiday boyfriend while he's here for two weeks. We dictate how the other has to dress for date night. David liked the old too-small leotard I had on earlier, so I promised to wear a thong leotard now. I told David he had to wear something similar."

Excitedly, Tia went on, "look, Pete, my ass cheeks are completely exposed!" Tia spun around to confirm that to Pete, who gaped, and who then had a severe cock twitch that didn't want to subside. Tia added, "I wish they'd let us wear thong leotards in ballet class, but maybe next year. Do you like my leotard, Pete? I think it's perfect for date night pizza dinner."

David had to try hard to not laugh at his formerly shy step sis now cock teasing Pete, a guy who lived up the street and who delivered take out.

Pete just replied, "yeah, Tia, you're stunning. Tia, you do know my older step sis, Becky, right? She's home from college right now… arrived two days ago. You can kind of say we have a lot of 'date nights' ourselves when she's home. She's so busy at college such that she has no time for a boyfriend. And me, well… with high school, and the hours I work, I don't date much, if ever. So, we're each other's, um, 'dates' I guess… a lot… A… LOT."

Tia started to cry, and Pete asked if he made her cry. Tia said, "no, you didn't… I'm just sad… I don't know. I wish David and I had the chance to have date nights before this." Looking at David, "why did we wait so long, David?"

Tia started crying harder, and David took her into his arms to calm her down. Tia felt better instantly in his strong arms, and quickly stopped crying.

Tia couldn't hold it in, and blurted, "Pete, with you delivering to so many people… do you see… uh… I mean, you know… do you see a lot of… uh… step… I mean... step siblings… you know… shit!"

Pete calmly told her, "Tia, yes, I know that a lot of step brothers and sisters, um, 'date.' I know a lot of families here in town, and I'd say 'step dating' is almost universal. Heck, I know some gay step siblings who 'date.' I don't think I know of any step kids who don't 'date' each other. There's nothing wrong with step brothers and sisters enjoying each other's company. Look at my sister and I. We don't have the time to date others, so we can spend quality 'date' time with each other. It's stress relief with no-strings

attached. It's just common sense to get close to your step sibling that way. Actually, my aunt and uncle on my mom's side started out as step siblings back in the 1970's, and they're happily married… and have been for a long time. Those two really love each other. While many other marriages don't last, their marriage will last forever, at least that's what my mom says about them."

Tia just stared at Pete, holding back happy tears, all while her 'date' held her in his strong arms from behind. Tia thanked Pete for being so open and honest, as did David. Pete got a helluva tip that night.

Later after Pete was done with work he went back home, and climbed into bed with his step sis, Becky. Pete fucked Becky… longer… harder… and more deeply… than ever before. Pete and Becky spent the entire night with each other, whereas they usually didn't do so because they always tried to hide their relationship from their parents.

The next day, Pete and Becky decided to come out of the step-love closet, and to never look back. They only wondered why they waited so long. Becky told Pete that he had finally become the man whom she wanted to spend her life with. Before that he was too insecure. Not any more. Pete and Becky confessed to their parents they were a loving couple. Their parents asked them, "what took you two so long? We know you two love each other, so we're good with your relationship. It's no different than your aunt and uncle."

CHAPTER 10
DAVID AND TIA'S 'DATE NIGHT,' PART III

Anyway, getting back to Tia and David, the two started their date night pizza dinner. They sat with Tia on David's lap, but facing him, her legs spread far apart, trying to wrap them around her brother. They both had a bad case of the post-cannabis munchies. Tia was still a bit giggly, but likely due to being with her cute step-bro. David was likewise a bit smitten with his step-sis 'date.'

After pizza, the two sat watching a movie, and Tia made sure David's strong arms were around her as she sat right in front of him between his legs. Tia had already changed into a different leotard because the first ended up soaking wet. Tia now added cotton panties underneath to deal with her sloppy pussy. David had already added a t-shirt before, but wasn't allowed to wear anything over his no-fly boxer-briefs, even though his severe pre-cum output was spotting the shit out of his briefs.

The movie barely started, and the date night couple went upstairs to the guestroom, and were immediately on David's bed yanking off each other's clothing. Because David had such an issue with severe hard-ons, Tia started things off by giving David a

blowjob, but with her facing away from David so she could attempt a deep throat due to his cock's upward curve. Tia would have to work on trying to deep throat David's cock, but she did do a good job on swallowing his part load, then hard-sucking the jizz leftovers out. David told Tia she had really strong sucking muscles. Tia wondered how he'd know how to judge that.

As soon as David had a quick cum, he pulled Tia's legs back a bit so he could lick her sixty-nine style. Tia had never had her pussy licked before, and was squirming from the intensity.

David tried his best to be gentle for Tia's first pussy eat-out, but girls at 14 have very sensitive… and very needy… pussies. After all, teen girls need to have their pussies licked daily so they get accustomed to the experience, and for sound mental health because teen girls need to cum daily for stress relief. A peel-back for clit exposure is also needed daily, so a teen girl can get used to that experience.

Of course, nipples are sensitive as well in teen girls, so they need daily attention, that is, nipples need to be licked and gently sucked-on at least once a day. Nipples also need really hard sucking-on once a week. As a rule of thumb, one weekly nipple sucking needs to be aggressive enough to leave hickeys. That's why having a progressive family to help a teen girl with her basic pussy needs is helpful to maintain sound mental health.

David didn't finger fuck Tia… he wanted her to experience an external hard cumming from a good pussy licking, and some pussy-juice sucking.

When David went onto Tia's swollen clit without warning, she screamed. Tia quickly told David she was OK, only overwhelmed. David promised to be as gentle as possible, telling Tia she had to get used to clit licking and clit sucking. David told Tia her clit was much the same as her nipples. That is, he told Tia she had a gumdrop clit, which was so sexy because it looked like… her clit was always swollen… her clit was always needy… and her clit was always ready for action. Every time David told her such things, Tia got hornier.

When Tia did get close to cumming, David shifted into a slightly higher gear with his clit sucking and licking to give Tia a nice, hard cumming… her first pussy-lick cumming. Tia deserved it, David thought. And the more they did together on their date night, the more Tia was coming out of her shell. Tia would never be bashful again.

After the two each had an oral-sex cum, they spooned on the bed for a post-cum cuddling session. Tia was in heaven. After all, she had just been licked for a nice, hard-cum, and now had her cute step-bro's strong arms holding her while they were

both naked on his bed spooning. How could all that not promote sound mental health in a teen girl like Tia?

Tia whispered to her bro, "promise me we'll sleep this way every night… even after our parents get back. OK?"

David just squeezed her even harder as an answer, nuzzling her some more, and eliciting even more sexy-giggles from Tia. Then Tia felt "it" asking David, "holy shit, are you hard again already? You had three cums today, and now you're hard again? Seriously… what the fuck, bro?"

David whispered his reply, "again, it's all your fault for being… too cute… too sexy… too wonderful… and too driving me out of my mind. Speaking of promises… the next time I'm home…"

Tia replied, "…I'll be your girlfriend again. OK?"

David asked, "what about in between?"

"I was hoping for in between, too, but I'll take whatever I can get from my cute step-bro," Tia replied.

David merely whispered in her ear, "what the fuck, Tia, how do I even begin to deserve you?" After a while, David asked, "I don't want to press the issue… it's your decision… when do you want to be… you know… properly first-fucked? It's totally your decision. I want to make it magical, OK?"

Tia took his hand from in front of her belly, and intertwined it with hers, saying, "I think… we'll… just sorta know. I… I want it to be special… magical… you know, I want it to be deep love… not rushed… that is, not frantic, horny sex. I think… we'll just know when the time is right. What say you Oh Great and Powerful Pussy Trainer?"

Once again, David just squeezed her even harder as an answer, nuzzling her some more, and eliciting even more sexy-giggles from Tia.

CHAPTER 11
DAVID AND TIA'S 'DATE NIGHT,' PART IV

Tia asked, "David, do you regret us… not… doing this before? I mean, uh…"

David squeezed her again, saying, "I've always had a thing for you, maybe you didn't know that. Tia, you were… you were too young… I'd be, sort of like, a pervert if I ever

told you I cared for you when you were younger. I mean, how could I have made it clear I cared, when you were too young? It's complicated… and it's fucked up at the same time… right?"

Tia merely told him, "I guess… it doesn't matter. Yeah, I always did have a thing for you as well. But you were older, and I was just a little-shit of a step sis idolizing my smokin' hot big bro whom I seldom ever saw."

Tia giggled, asking, "remember last Christmas morning when I ran in here to wish you a Merry Christmas, and to get you to come downstairs for breakfast? I sat on top of you in this bed, and sat right on your hard on, just about bending it in two. Remember that?"

David replied, "are you kidding… I think my cock is still bent in the middle from that. I thought you'd be embarrassed, and instead you were all medical-clinical, explaining why I was hard, and what I needed to do about it. After we had breakfast, I took a shower and jacked off frantically, all the time thinking about you in your cute boy-short Christmas undies… the ones you wore that morning when you sat on my hard-on, and… and!.. while we ate breakfast."

David continued, "on that day you no longer seemed too bashful for me to see you in your underwear. And those Christmas undies… they were so fucking cute on you! Shit! Then later we opened gifts, and afterward you put on one of the new leotards you got as a gift, and came into this room to model it just for me, all excited. After being in here for a couple of minutes, spinning around modeling your cute leotard, you noticed your nipples were sticking out on your perky tits. You got really embarrassed, sort of screamed, and then rushed back to your room crying. You weren't bashful in cute holiday undies, yet were mortified with me seeing your hard nipples when you wore a leotard."

Tia said, "it was two different things. When I was in my underwear, I wasn't horny. When I was in my leotard with my nipples really poking out, that was me being horny for you. I was embarrassed because you… YOU, brother… you had made me horny. After I ran away to my room, you came in, and just started rubbing my back as I lay on the bed… sobbing… face down. I rose up and hugged you hard, still crying. You said something about how I should never be embarrassed in front of you because you were my big brother, and that you loved me more than life itself. You just kept rubbing my back, and hugging me hard. My embarrassment just melted away. At that very minute… [crying hard] I fell totally in love with you."

David just hugged her hard again. He whispered softly in her ear, "me too, T… me too… I fell for you then as well."

Tia started shaking for the severe sobbing erupting from her. David held her even tighter in his arms, as if that was even possible… as if.

CHAPTER 12
DAVID AND TIA'S 'DATE NIGHT,' PART V

After a long while with the two enjoying their post-cum cuddling, they got dressed… again… and went back downstairs… again… to watch the movie… again. Maybe this time they'd be able to see more than a few minutes before ripping off each others' clothing.

After the movie ended, it was late. The two stripped down to their underwear bottoms, and slept next to each other. After so many hard cummings that day, they soon fell asleep for a long, deep sleep. Tia happy-cried herself to sleep, all while David held her tightly from behind. David was sad as he tried to fall asleep, all while thinking about how his visit wouldn't last forever. He wanted it to.

When David woke up, Tia was now facing him, and their arms & legs were still around each other. David didn't know how his cute step sis managed that switch, but he liked that he now got to look at her face as she woke up. It was a welcome sight… her face in the morning. What better sight is there for a guy when he first opens his eyes in the morning… than the face of the love of his life? Plus her tits were right there as well as they only wore bottoms to bed. Every teen girl should wear only panties to bed, if only for the health benefits of open-air titties. And they should wear only panties around the house as well, solely for the health benefits of open-air titties.

Yesterday, David finally realized Tia was always the one for him, and he for her. They both finally realized the obvious. Sure, it was now obvious, but half the fun was making the admission of how they had both felt about each other, that is, confessing their hidden love to each other. How many loving couples get to do that? How many loving couples realize the exact day and moment they fall in love? They were both special events.

Tia started remembering her shower with David. It was a bit of a blur, but she realized that David was completely shaved… and that had to be from only a few days ago given that he had zero pube stubble. Why would he be body shaved? Plus, how did he shave his ass and asshole area so well?

Tia finally realized the obvious… it was Tia's mom who was behind having David be her boyfriend for two weeks. The rest of it was also obvious. Tia's mom was the one who taught David how to please a woman. Her mom always went overboard about

how cute and sexy David was. Mom was teaching David about sex. It was all so apparent. And Tia was her mom's daughter, so Tia was attracted to the same guy. Her mom had set all this up.

Tia didn't confront either her mom or David. It all worked out in the end. Tia especially didn't want to embarrass David. As Tia's mom had told her, "he's your brother, he's family."

CHAPTER 13
DAVID AND TIA'S CHRISTMAS 'GIFTS'

On Christmas day, Tia's mom and David's dad went to a nursing home to visit an aunt, and then to a coworker's house for a dinner and an overnight party. They'd be gone until late the next day.

It would be very busy at the nursing home on Christmas, plus the great aunt wouldn't even know who Tia was, so Tia's mom told Tia and David they should stay home, or visit friends, or whatever. David didn't have a car, so they'd have to ride-share, and those were hard to get on a major holiday. So, they decided to stay home.

When David first arrived, Tia and David decided to get each other one very special gift, and exchange their gifts alone on Christmas day. Now was the time. Tia sat in front of David, and facing him, legs wrapped around him, all by the family's tree.

Tia bought David a small gold locket with her name and photo in it to wear next to his heart. David loved it, and kissed Tia deeply as a thank you.

David gave Tia a tiny box, resembling a watch gift box. In it Tia found a piece of paper folded up to a small size so it'd fit. Tia opened the paper, and saw a letter from the admissions office of the college right near their home. It was David's letter of acceptance for him to attend that nearby university the next year as a freshman. David merely told her, "our parents said I could live here while going to college. Wanna be roommates?"

Once again, Tia was shaking uncontrollably for the sobbing she was experiencing. David was starting to cry as well. David just held her tightly trying to calm his step-sis down.

When Tia finally regained her composure, she saw that the tiny box also had a pair of very-thin, simple gold rings. When Tia pulled them out, David merely said, "commitment rings… you OK with us wearing each other's ring?"

Tia nodded because she once again was sobbing too hard to even speak. They put on the rings, and deep kissed for a long time, then held each other for a long-long while, not saying anything more… just enjoying the closeness… enjoying their love.

Later when Tia finally regained her composure, Tia whispered to David in his ear, "OK… now it's time. Fuck me, brother. Fuck me for the first time… fuck me for the first of many, many times. I'm all yours today… I'm all yours forever."

The two went up to the guestroom for their final Christmas gift exchange… Tia's first fuck. Their lovemaking was slow… their lovemaking was deep… and their lovemaking was incredible.

Tia was now a woman… and was never shy… never bashful… ever again. And the couple's love… their deep love… never wavered.

The end.
